

## Frequently Asked Questions

Q. What are the base ingredients for a basic cheesecake?

A. **The original cheesecake has cream cheese and assorted ingredients on a graham cracker crust.<sup>1</sup> The vegan cheesecake has the same composition but with a vegan cream cheese alternative and all other vegan ingredients.**

Q. Are the low sugar and sugar-free cheesecakes also low fat?

A. **Yes. They each have 1/3 less fat than the standard cheesecake.**

Q. Why does the low sugar cheesecake cost more than the sugar-free cheesecake?

A. **The low sugar cheesecake is made with a special sweetening blend that is only produced by a few companies, and it is more expensive than the pure sweetener used in the sugar-free cheesecake. (The blend used in the low sugar cheesecake contains two grams of sugar per serving.)**

Q. Do you ship your cheesecakes?

A. **Yes. Shipping rates usually start around \$18.00 because we use insulated boxes for shipped orders.**

Q. How far in advance should I place my order?

A. **Two days in advance is appreciated for pick-up orders, and a week in advance for orders that will be shipped. Pick-up orders that are needed in one day may be accommodated for an extra \$5.00.**

Q. Do you accept any methods of payment besides the ones listed on the front cover?

A. **Yes. Cash and money order are also accepted.**

Q. Will tax be added to the price of my order?

A. **No.**

Q. Is prepayment required?

A. **Only in the following cases:**

- **Shipped orders**
- **Any order over \$50.00**
- **If you have placed an order in the past but then never came to pick it up (or have cancelled at the last minute)**
